

School Supplies

(as of August 3rd)

Most teachers/classes will use the same general school supplies listed below. However, each teacher **MAY** request additional supplies specific to the course.

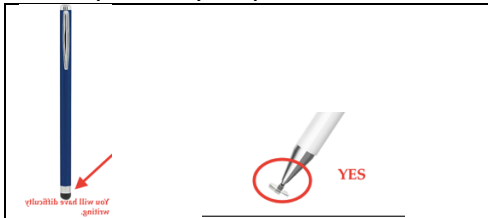

It is likely that you have many of the supplies on this list at home already and there is no need to purchase new materials. However, it is highly recommended that you gather all the supplies in one place perhaps a pencil box/pouch so they are at hand when needed.

General Supplies

- Pencils (mechanical preferred)
- Blue/Black pen
- Colored pen for correcting
- Highlighter
- Scissors, glue stick, ruler
- Crayons OR colored pencils OR markers
- Loose leaf paper
- Binder with subject dividers
- 2 1 subject SPIRAL notebooks** with at least 100 pages (one for Math the other for Science)

Technology Related Supplies

- School issued i-pad and charger
- Earbuds/pods
- Fine point stylus pen

Note

A clean, comfortable and consistent work space (table/desk with chair) will be vital for success in middle school. This will help with time management and prevent you from rummaging for supplies during study time.

Check out this short video on setting up a work space at home.

I recommend talking to your parents and soliciting their help and guidance in setting up a space that works for you.
